1. As previously reported,¹ Henry Henryon has been relieved of his position as chief of the Main Administration for Industrial Requirements and replaced by Paetzold (fnu). It is not known where Paetzold worked prior to his appointment as chief of this main administration. Henryon was allegedly dismissed because of inefficiency (Untauglichkeit).
2. The plant director of VEB Industriewerke Dresden is Lehm (fnu).
3. The present acting (komissarisch) (plant director) of VEB Maschinen- und Apparatebau (MAB) Schkeuditz is Hans Cichy. Cichy was formerly director of planning at VEB MAB. Ernst Wendt, who was formerly plant manager at VEB MAB has been transferred to Berlin, where he now holds the position of technical director for the East German Lufthansa at Berlin-Schoenefeld. Cichy is not to remain in the position of plant director of VEB MAB. He is to be replaced in this function by Kuentzel (fnu), who is now in Pirna in an unspecified capacity.
